

Sharon Conservation Commission
Minutes, January 21, 2021

Attending via Zoom: Paul Bacsik, Chair; Claudia Cayne, Cicily Hajek and Jim Krissel

1. Zoom
2. Minutes for approval: Last Regular Meeting, December 16, 2020
The minutes were approved unanimously with the following correction. Krissel instead of Krissell.
3. Christian Allyn at Invasive Plan Solutions
Paul will present Allyn's list of possible initiatives for the town to Brent for consideration.
4. Joray and Cemetery Roads.
All marking is done except a portion where Cemetery Road crosses a wetland area which is passable depending on conditions.
5. Trail map - spoke with Brent about QR coding.
The codes provided by Sharon Land Trust are inaccurate. One can get QR codes based on latitude and longitude for a fee. The Town will fund this process.
6. Surdan Rd. trail head as per Mike Dudek at Audubon
No markers were removed per Paul. Additional markers may be needed to direct people to stay on trail. We will talk to the landowner.
7. Air Monitor maintenance.
Out of the 7 monitors in the NW corner, only 2 are up and running. The rest are waiting for parts.
8. New members as per Brent?
Brent has two potential members who are new residents and he will approach them.
9. Easement maintenance Kings Hill Rd.
Carl has markers and will mark the road.
10. Beavers So. Ellsworth
There is a resident complaint about beavers. We recommend that the landowner look at information on CT DEP website.
11. CT Land Conservation Council donation?
We determined that a donation would be inappropriate.

NEW BUSINESS: None

NEXT MEETING: FEBRUARY 17, 2021, 6:30 p.m.

Respectfully submitted

Claudia E. Cayne, Secretary
