

Sharon Conservation Commission
Sharon Town Hall
Sharon, CT 06069

Regular Meeting
January 15, 2020
6:30 pm

Minutes

Called to order 6:35pm

In attendance: Paul Bascik, Chairman, Carl Chalet, Cicily Hajek, Jim Krissell, and Howard Randall.

1. Motion to accept minutes from the Regular Meeting November, 2019 made by Carl, seconded by Jim and approved without additions or corrections.

There were no minutes from the December 18, 2019 because there wasn't a quorum.

2. Regional trail maps: the Land Trust has not been able to print any because they are waiting for funding. The Conservation Commission has previously approved a donation of \$500.00 to help with this.

3. Air Monitor: the air monitor which Sharon purchased appears to be defective. The CT DEEP bought two in reserve, and they are going to give us one to replace ours.

4. Letters to property owners adjacent to Recreational Easements: The Commission is preparing to send a letter providing general information about the Easements to all adjacent property owners. There could be a follow up letter if any owners are not in compliance. Former member Wayne Purdy had done Google and Excel spreadsheets including the names and addresses of all adjacent owners. Through a phone call to him on speaker phone, we discussed all he uses of the spreadsheets. He explained how all letters and documents sent can be put in individual folders to verify information. There were several other uses described.

5. Fairchild Rd: Phil Lovett is trying to find time when the ground is hard with minimal snow to finish the work on Fairchild Rd.

6. WCCA: Paul attended a meeting of Western CT Clean Air on January 13th in Kent. A UConn professor attended with some students. They are going to be interpreting the data from the monitors.

7. Budget: Request for July 1, 2020 to June 21, 2021 is \$2200.00.

8. Next Meeting: February 19, 2020

New Business: Organize mailing.

Adjourn 7:10pm: motion made by Jim and 2nd by Carl with all in favor.

Respectfully Submitted,

Cicily Hajek
