

**SHARON FIRE DEPARTMENT, INC.**  
**AMBULANCE SQUAD**  
P.O. BOX 357, SHARON, CT 06069

February 2020

**THE RIDE OF YOUR LIFE.....**

Sharon Fire Department's Certified Emergency Medical Technicians and Certified Medical Responders are standing by 24 HOURS a DAY, 7 DAYS a WEEK to answer 911 calls for the Town of Sharon.

In order to answer calls in our 60 square mile town – with over 27 miles of dirt roads, limited driveway access and unpredictable weather – a NEW 4-wheel-drive ambulance meeting current State standards is needed!

Once every 10 years – for the past 40 years – we have asked for your financial help to replace the existing ambulance. **The cost in 2020 is going to be \$250,000.** We rely solely on your donations and fund raising to purchase any of our equipment, conduct our training and pay for the ambulance.

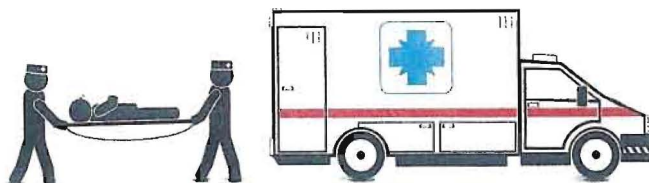

**Sharon's responders remain 100% VOLUNTEER.** There is never a bill for our services. We answer approximately 400 emergency calls each year—including falls, motor vehicle accidents, illnesses, health care responses, structure fires, CO and medical activations. We also maintain and staff the Town of Sharon's Emergency Shelter Operations and provide the AED units in the Town complying with our HeartSafe Community Status. All members spend countless hours not only answering emergency calls, but attend continuing education, recertification requirement classes and training.

\$250,000 is A LOT of money to raise. Watch for our upcoming FUND RAISING events, attend our monthly PANCAKE Breakfast (Second Sunday of each month) and see the reverse side to "buy" a piece of your new ambulance.

We stand ready – at all hours – to give you THE RIDE OF YOUR LIFE...

*Jamie Casely*

Ambulance Captain

**THE RIDE OF YOUR LIFE**

***I Would Like to Buy a Component of the New  
Sharon Fire Dept., Inc. Ambulance.....***

- Your Donation of **\$25.00** Would Buy .....\*Mini Fire Extinguisher. \*Seatbelt Buckles, \*Latches for Interior Compartments \*Windshield Wipers, \*1 Oil Filter
