## What We Do...

The Sharon Community Foundation helps individuals and families living in Sharon pay for essential needs when all other resources, such as fuel banks, government benefits and educational funds, have been exhausted. We also donate to other organizations that serve Sharon residents.

## What We Have Done...

We have awarded grants for food, heating and electrical bills, rent and mortgage payment, minor automotive and housing repairs, summer internships, gifts to local youth programs and scholarships for educational programs that foster independence and a better quality of life.
